FALL'S HOTTEST TRENDS

Biggest trends for Fall and how to wear them

LUXE BOHEMIAN

HOW TO WEAR

The new boho:
luxe long-sleeved maxi
dresses, shearling jackets,
lush velvets and plenty of
gold jewelry all worn
together. Don't forget the
suede boots!

Inspired by the runways,
break the monochromatic
rules by introducing color to
your autumn looks. Choose
a key piece that pops, like a
bright sweater that will
bring your outfit to life.

NEW ROMANTICS

HOW TO WEAR

This season's romantic vibes have dark, gothic elements that feel very modern. Long, transparent and flowy dresses are meant to be worn with rock'n'roll elements as seen on some runways. Irresistible!

Rock Chic is the trend to go for this season. If you want to bring out your inner rebel, opt for plaid jackets, skinny leather pants and lots of zips, all grounded with pin-thin heels or tough-girl flat boots. In a feminine way, of course.
